Speakers and participants will include: Seung-Ro Joo, Seung-Jae Lee, Soo-Kyung Han, Sungmin Yoo, Jung-Wan Seo, Inyoung Park, Kang-Tae Kim, Hong-Rae Cho, Ninh Van Thu, Atsushi Yamamori, Taeyong Ahn, Jae-Cheon Joo, Eun-Jeong Kim, Han-Wool Lee, Jihun Yeom, Jisoo Byun, Kang-Hyurk Lee, Sunhong Lee, Seong-A Kim, and more...

General:

1. This is the 7th year since we had this workshop between the PNU SCV Group and POSTECH's Complex Geometry Group. This workshop is held every semester.
2. This time we shall give more weight to the students' presentation; we will feature 5 graduate students' seminar lectures. Several of them will speak about other people's work which they are interested.
3. The lecturer may be speak in Korean language—however in such a case it should be with the power-point presentation which must be prepared in English. Those who use the chalkboard must speak in English so that everyone can understand.
