

GAIA Applied Geometry Lecture

- ✎ Title : New Method for Solving and Studying Sturm-Liouville Equations via Special "Power" Series
- ✎ Speaker : Professor R. Michael Porter
(CIVESTAV, Mexico)
- ✎ Date : 4-6 p.m., Friday, 21 June 2013
- ✎ Place : The GAIA
(Math Science building room 106)
- ✎ Notes from the Director : This will be a general lecture aimed at the pure and applied geometers above the first year graduate student level. The first hour will surely be introductory.

- Contact: Jihye Jung (POSTECH, Tel. 279-8020)
